

2024 Association Survey Report

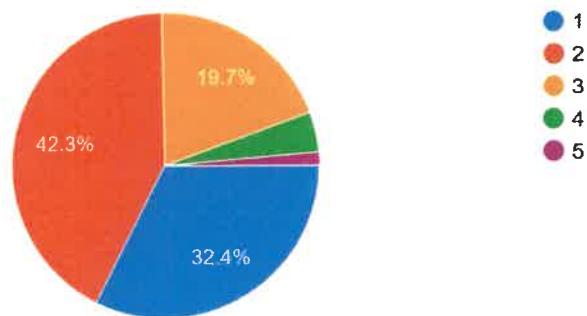

1. How many of the neighbors on your block do you know? Circle one answer

69 responses

2A. How strong is Historic Southwood Park's "sense of community"? Circle one answer. (1 is high, 5 is low)

71 responses

2B. How can we build our sense of community to be stronger?

6 responses

Continue encouraging neighbors to get to know each other!

More creative ways to gather neighbors

encourage block parties

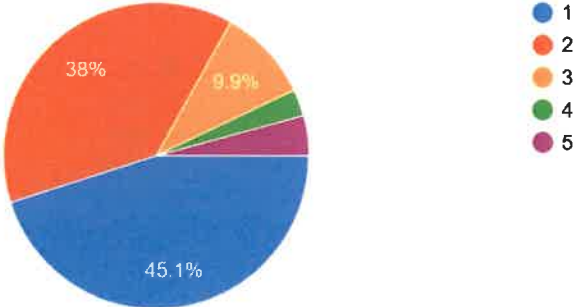

block parties

4th of July parade like Woodhurst

Events for all

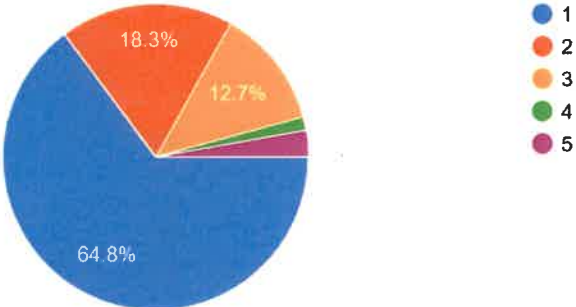

3. How safe do you feel in your neighborhood? (1 is very safe, 5 is unsafe)

71 responses

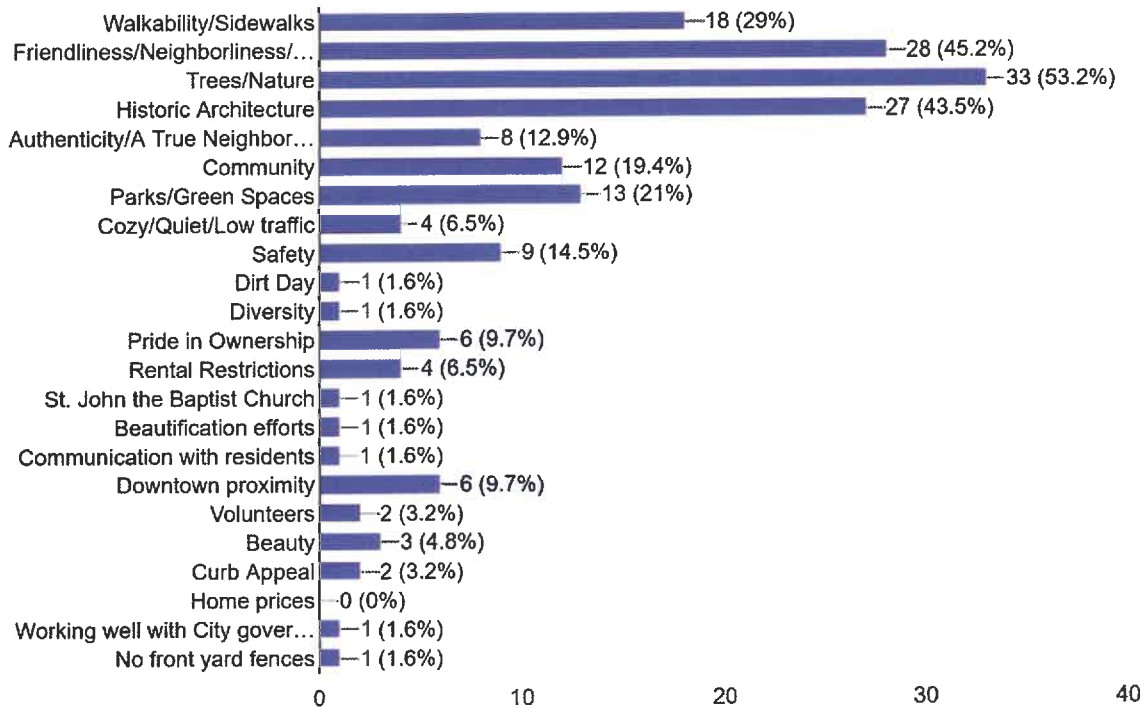

4. How important is our tree canopy to you? (1 is high importance, 5 is low importance)

71 responses

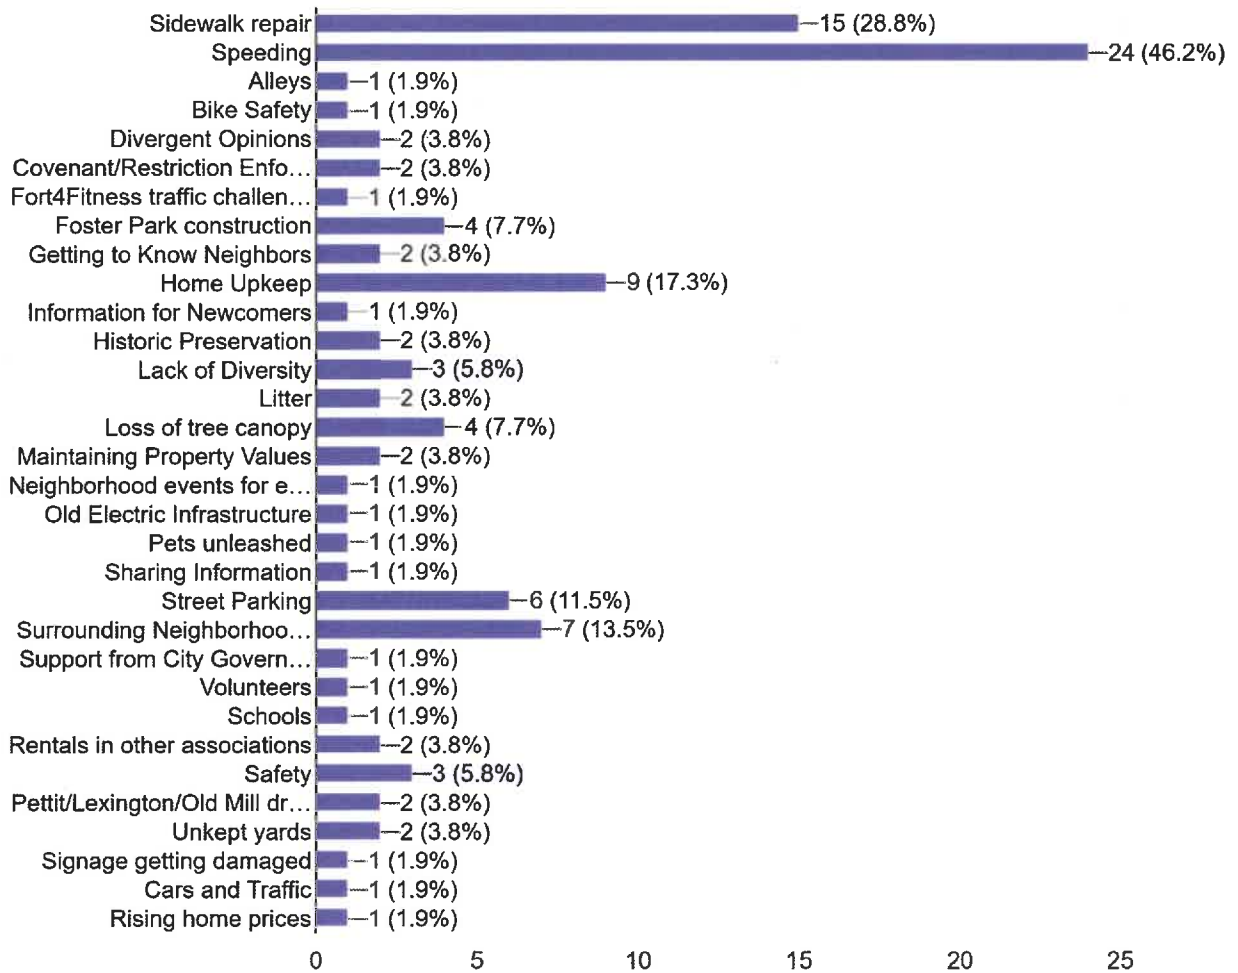

5. What are Historic Southwood Park's greatest assets? Name three.

62 responses

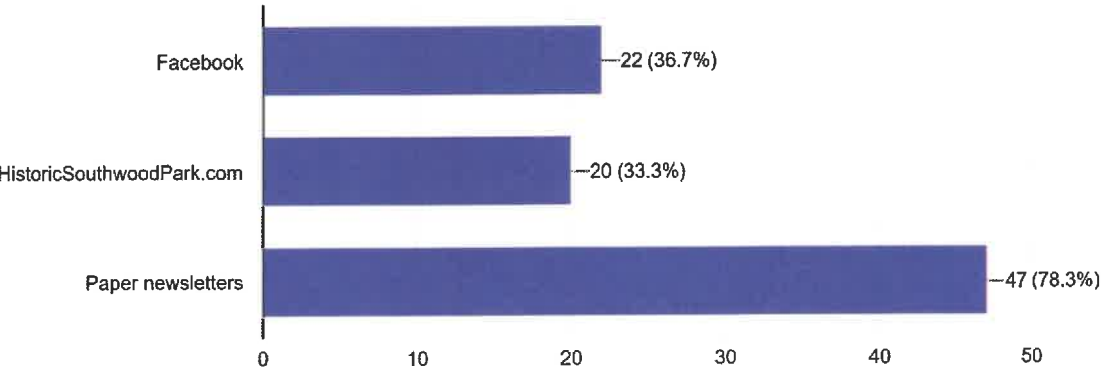

6. What are Historic Southwood Park's biggest challenges? Name three.

52 responses

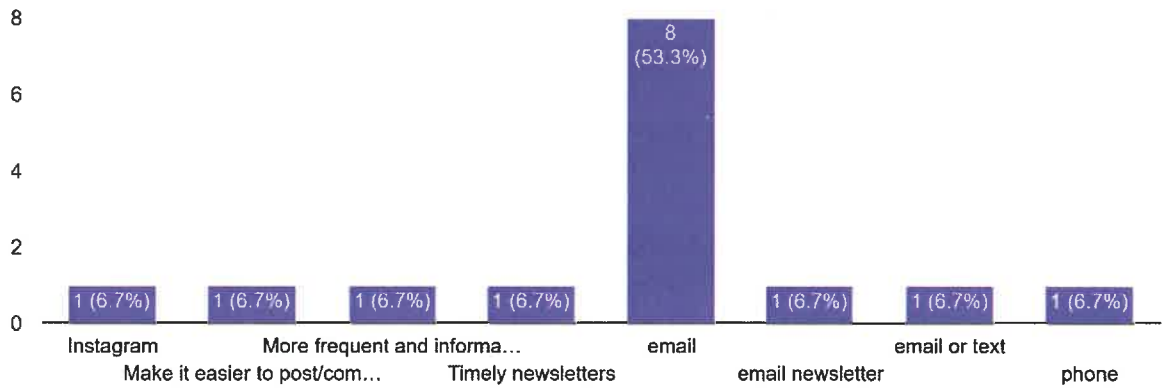

7A. How do you prefer to get Association news? Circle all that apply.

60 responses

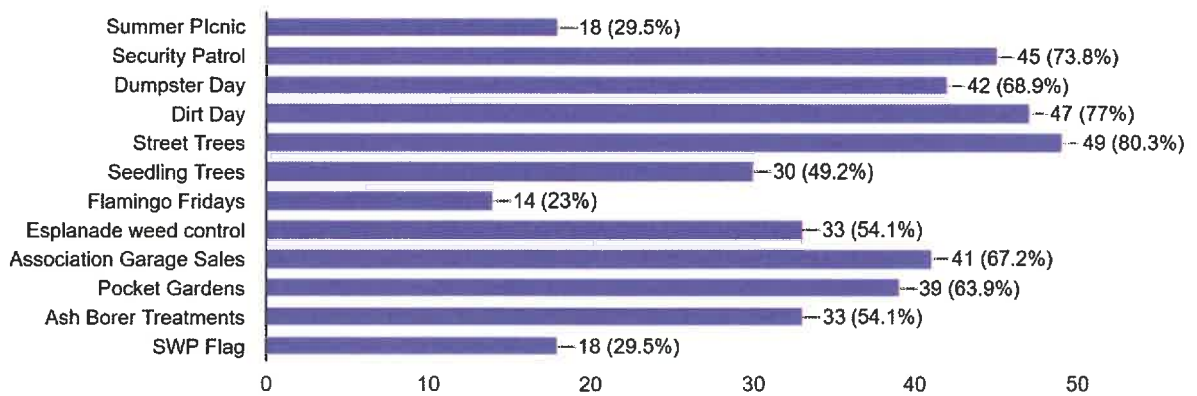

7B. How we better communicate with you?

15 responses

8. What association programs do you value? Circle all that apply.

61 responses

9. What should the Association offer, but doesn't?

22 responses

snow removal

sidewalk snow removal

alley snow removal

More block parties

It does a good job

Class on native plants & organic gardening; planting native plants for Monarch butterflies and other beneficial insects

Sidewalk snow removal

Im satisfied

Compost

Door to door for input

e waste day, shredding day

Blinking speed signs on Hartman

Communicate when F4F is so residents can plan accordingly.

sidewalk snow removal (would pay higher dues for this service)

You're doing great!

What happened to Flamingo Fridays? I thought all Hartman Rd was in SWP?

Tool library

Signs to show the neighborhood

More social events

seed exchange/plant exchange

*snow removal for alleys and sidewalks

10. What street, alley, or sidewalk most needs repair?

24 responses

Pettit sidewalks

4324 Pembroke sidewalk (owner)

4400 Tacoma/Indiana alley

several! I have fallen 2x, both walking on sidewalks. Last one involved ER for broken wrist and concussion. Now we mostly walk in the street

Lexington sidewalk

SE corner pf Beaver/Maxine

Pettit

korte sidewalks, stratford sidewalks why did they skip some houses?

all sidewalks

Beaver, between Pettit and Sherwood, west side

Prange/Pasadena alley

Prange/Pasadena alley

Stratford

Beaver, S of Westover

Drury/Pembroke alley

Pettit sidewalk

all getting better

Beaver sidewalks "sneaky paths"

Westover near Old Mill

Pembroke sidewalk grinding

Beaver, between Maxine and Westover, west side

alley 4300 Indiana

*Pettit sidewalks *Pembroke/Drury alley * Indiana/Tacoma alley 4100 block, 4300 block

*Pasadena/Prange alley (private owned) *Indiana sidewalks 3900-4000 *Tacoma sidewalks 4100-4300

11. What public spot needs a bench, a pocket garden, or some other improvement?

9 responses

Roundabout

All available spots

More benches generally

north end of Tacoma

Indiana/Beaver triangle

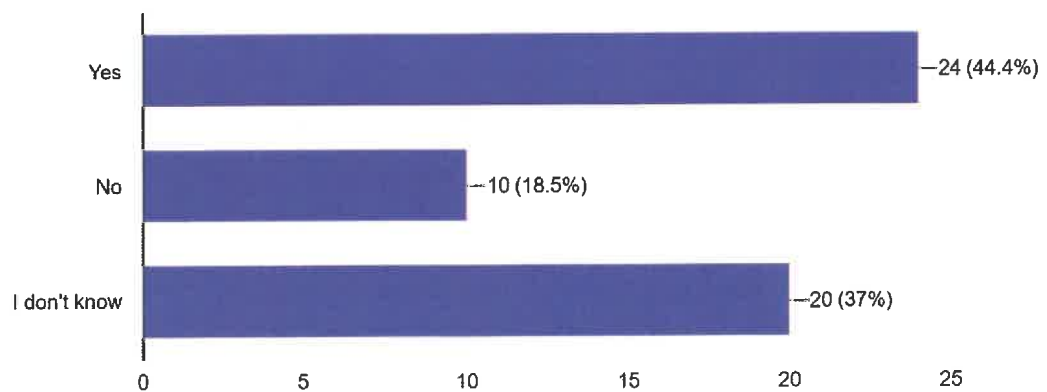

Beaver/Westover bench

Tacoma/Maple Grove

Pettit/Stratford triangle

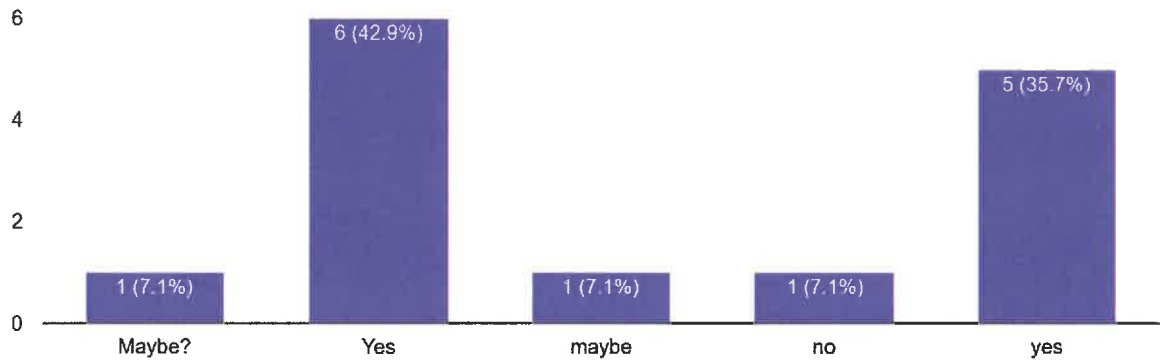

12A. Southwood Park is a National Historic District, which is largely an honorary designation stating our neighborhood is worthy of preservatio...g/2018/07/making-connections-value-preservation/

54 responses

12B. Would you be willing to help carry a petition?

14 responses

13. What issues should the Association be working on?

33 responses

Four way stop at Beaver/Sherwood

Rat issues

I think you are doing fine.

I'm not sure there's a solution, but 4013 Indiana has been a poorly maintained rental all 39 years we've been here. The ehouse/yard are eyesore, the bins are out for days on end, and so much more. It's discouraging.

Keep up the great work. I love the shirts and the posts on Facebook :-)

Best practices to make our neighborhood environmentally friendly/lowering our carbon footprint - both as individual houses and as a community overall.

We need 4 way stops on many intersections especially around St Johns. Pasadena/South Wayne, Pasadena/Tacoma, Sherwood/South Wayne, Sherwood/Tacoma. The city did this up and down Kensington Blvd to slow traffic and protect children in and around St Jude.

Contact Ambassador to inquire about acquiring the Hauser (Lexington) Woods formerly part of TUFW

How unwelcoming our board president & certain neighbors are to new residents. I was ashamed to be lumped in with such judgemental & bitter people.

composting

Roundabout beautification design planning for the re-beautification of Foster Park entrance

Welcoming new residents. We were never contacted & our neighbors did not greet us. Property violations - overgrown & yards with junk. Especially house at Arlington and Sherwood. Safety is an issue. We live on Fairfield and there are lots of transients that go by.

* Perhaps a list of trusted & approved handymen for home projects *making sure no one builds in Lexington Woods

More patrols from APS. I don't see them on my street. I have also called them for help and received no answer.

Thank you for all you do

* clean up days * Painting intersections with art

Getting more police families to live here.

I'm unaware of what Flamingo Fridays are, or Welcome Wagon. I have received our newsletter late (after events were over) a time or two. Wants to know more about volunteering for summer picnic

Old Mill/Lexington/Pettit used as a cut-through

I know that parking on the street may be convenient but the owners should be more aware of the traffic. Not leaving car doors open and parking as close to the curb as possible. Prefer that they would use their driveways.

slowing traffic

junky yards. peeling paint

Not sure how long the Big Dig will be going on at the Park... but Broadway/old Mill/Rudisill needs the temporary street widened at least a little. And the street striped.

We're ROCKSTARS!

*traffic calming *beautification

Helping neighbors know neighbors? I know it's tough because some don't want to be known.

Street parking. Too many cars parked on the streets. Make people have stickers to park overnight on streets

Parking on both sides of narrow streets

welcome packet for new owners explaining rules and expectations

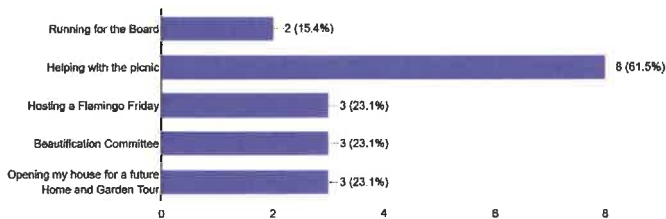

*not making us a Local Historic District *Liaison with government with critical updates on issues so community members can attend council meetings *Maintain low regs and restrictions. some hoods are militant and we are glad you are not *support solar energy *support residential chickens

*Parking on streets. *More than 1 family living in a house *Residents not taking care of the property: mowing, sweeping, raking, working on their house

Would love to receive prior timely confirmation about helping with the picnic. In the past, I was contacted days before, leaving little time to plan. :-)

*Local Historic District *Neighborhood signage *Buying Lexington Woods *updating covenants

14A. I am interested in volunteering! Circle any that apply.
